REGISTERED BRANDS LAWN GRASS

Sow 5 lbs. per 1,000 square feet.
Postage prepaid

TOP LAWN MIX

A combination of the finest quality seeds - a mixture which we have developed after years of experience. All of the grasses in it are fine bladed and deep rooting. There just isn't a better combination than this for the lawns of this territory.

1 lb. \$1.00 5 lbs. \$4.75 10 lbs. \$9.00

WESTERN LAWN MIX

Made up of fine grades of Kentucky Blue Grass, Rye Grass, Red Top Grass, and White Dutch Clover. Makes a very desirable lawn.

1 lb. \$.75 5 lbs. \$3.50 10 lbs. \$6.50

KENTUCKY BLUE GRASS

The most desirable grass for a beautiful lawn. The leaves are narrow and deep green in color. It forms a close turf, is slightly creeping and quite hardy. Maintains its green color until late in fall. It is recommended alone or in mixtures for lawn purposes.

1 lb. \$.95 5 lbs. \$4.50 10 lbs. \$8.50

RED TOP

A fast growing grass that is highly adapted to a wide variety of soils, and conditions. Ideal for use in mixtures.

1 lb. \$.75 5 lbs. \$3.50 10 lbs. \$6.50

RYE GRASS

An excellent "nurse" grass where a quick growth is wanted. Not long lasting. Good in moist soils.

1 lb. \$.25 5 lbs. \$1.10 10 lbs. \$2.00

HIGHLAND BENT GRASS

It is fine leaved, bright green in color, and creeps both below and above the ground. The hardiest of all Bent grasses. For lawns and golf courses, etc.

1 lb. \$1.40 5 lbs. \$6.75 10 lbs. \$13.00

SHADY NOOK MIX

Best to use in shade under trees and north of buildings. Will also do good in the sun.

1 lb. \$1.05 5 lbs. \$5.00 10 lbs. \$9.50

POA TRIVIALIS

Especially for shady places where it is difficult to get a satisfactory lawn. Requires frequent watering.

1 lb. \$1.10 5 lbs. \$5.25 10 lbs. \$10.00

WHITE DUTCH CLOVER

This is a small, close growing, dwarf clover used extensively in making lawns. It is a rapid grower with spreading habits, and can be cut very close to ground without injury to the plant.

1 lb. \$1.25 5 lbs. \$6.00 10 lbs. \$11.50

FAIRWAY STRAIN, CRESTED WHEATGRASS

This is shorter, has finer and more leaves than the regular strain. The dry land lawn grass can be used to fine advantage in lawns, fairways, school yards, parks, and farm lawns. Sow one pound to 100 square feet.

1 lb. \$.50 5 lbs. \$2.25 10 lbs. \$4.00

BUFFALO GRASS

A low growing perennial grass that spreads by surface runners. For dry land lawns sow one pound per 400 square feet. Treated for quick germination.

1 lb. \$1.25 5 lbs. \$6.00 10 lbs. \$11.50

LAWN and GARDEN SUPPLIES

**HAVE A
BEAUTIFUL LAWN
AND GARDEN!**

- Don't be satisfied with a sparse, spotty lawn. You can very easily have one that's 'the finest in the neighborhood.'
- Feed Your lawn with VIGORO Complete Plant Food!
- Vigoro supplies all growing plants with the nourishment needed from the soil for normal, healthy growth. Vigoro is clean, odorless, sanitary, and easy to use. It's economical, too, you need only 3 pounds per 100 square feet of lawn area.

VIGORO SPREADER

For the Perfect
Distribution of Vigoro
and Grass Seed
Price \$10.25

PREMIER Swedish & Northland PEAT MOSS

CERTIFIED - VACUUM CLEANED

The highly absorbent, weed-free, odorless, organic soil conditioner. Lightens heavy clay. Holds moisture and plant food near roots in sandy soils. Gives all soils a more loam-like texture. Grows stronger roots that develop lovelier plants. Excellent, too, for mulching and transplanting.

TRANSPLANT SAFELY TRANSPLANTONE®

The combination of hormones
and vitamins

Vegetable gardeners: Cut down transplanting losses; give seedlings healthier roots. Get earlier, larger crops of tomatoes, finer cabbage, cauliflower, lettuce.

Flower gardeners: Use it to transplant seedlings and shrubs to get stronger growth, finer blooms.

Trial pkg., 25c 3 oz. pkg., \$1

MORE TOMATOES FRUITONE®

Spray Fruitone at blossoming time and each plant will set more big, meaty tomatoes. Spray Fruitone for bigger crops of beans and limas, too. The dollar package makes 25 gallons of spray.

2/5 oz. packet, 25c 2 oz. pkg., \$1
12 oz. can, \$5

FASTER, SURER ROOTING For cuttings, seeds and bulbs

ROOTONE®

the plant hormone powder

Rootone stimulates the natural tendency of cuttings, seeds and bulbs to put out roots. Rooting is faster and heavier, resulting in bigger, earlier plants. Endorsed and used by professional growers everywhere.

Trial packet, 25c 2 oz. pkg., \$1
1 lb. can, \$5

DO YOU WANT LOVELIER FIRST YEAR BLOOMS?

ROSETONE

(TRADE-MARK)

The right combination of hormones and vitamins for radiant roses. Encourages new roots, stimulates old ones. Better root systems mean bigger, healthier bushes, and finer blooms. Easy to use, economical, effective.

1/2 oz. packet, 25c 3 oz. pkg., \$1

WEEDUST

WEEDUST, the 2,4-D weed-killer in dry, powder form. Just dust each weed directly from the ready-to-use can. No measuring, no mixing. Ideal for destroying those "here and there" weeds; just the thing for the man whose problem does not require a sprayer.

Large can 75c.
Enough to kill 1000 weeds.

NOW! You can have a more
beautiful lawn

KILL CRABGRASS

and mouse-ear chickweed

WEEDONE CRABGRASS KILLER is non-poisonous to humans and animals. One application will kill crabgrass and mouse-ear chickweed, under proper conditions, without killing clover, bluegrass, fescue or other deep-rooted perennial grasses. It is easy to use, harmless to soil, clean and odorless, economical, and will not kill nearby shrubbery unless sprayed on it directly. Complete instructions on can. 5 oz. size, \$1 (enough to treat 500 sq. ft. of mature crabgrass or 1,000 sq. ft. of seedling). 20 oz. can, \$3.

New Plastic Applicator
Only 49c

The Weed-Killing Miracle!

New, Improved WEEDONE®

KILLS LAWN WEEDS

BRUSH and STUMPS

Does not give off vapors that injure flowers, vegetables or shrubs

Weedone—the butoxy ethanol ester weed killer—now contains both 2,4,5-T and 2,4-D. It kills dandelion, plantain, poison ivy, poison oak, wild blackberries and raspberries, honeysuckle and over 90 other weeds and woody plants, without killing grass. Sprayed on tree stumps, it prevents resprouting. No residue harmful to humans or animals.

8 oz. can, \$1 1 qt. can, \$2.75

ACP GRASS KILLER

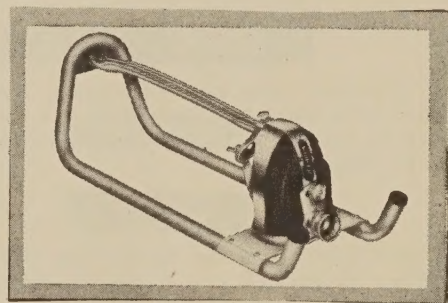

A new grass killer offering effective control of certain noxious grasses in crop land, pastures, driveways and cobbled walks. Also for controlling perennial grasses such as Johnson, quack, Bermuda and para. Lower dosages will suppress both annual and perennial grasses such as crabgrass, foxtail, chess, blue grass and red top, leaving a grass cover where desired.

10 pound drum

\$5.40

BEAUTIFUL LAWNS ... LESS WORK

METCO WAVE SPRINKLERS

Metco's curtain of rain sweeps across the lawn. Uniformly waters extra large rectangular plots with one or two settings. Eliminates overlapping and dry corners. Powerful water motor swings 17 jet tubes slowly back and forth, allowing time for each drop to soak in.

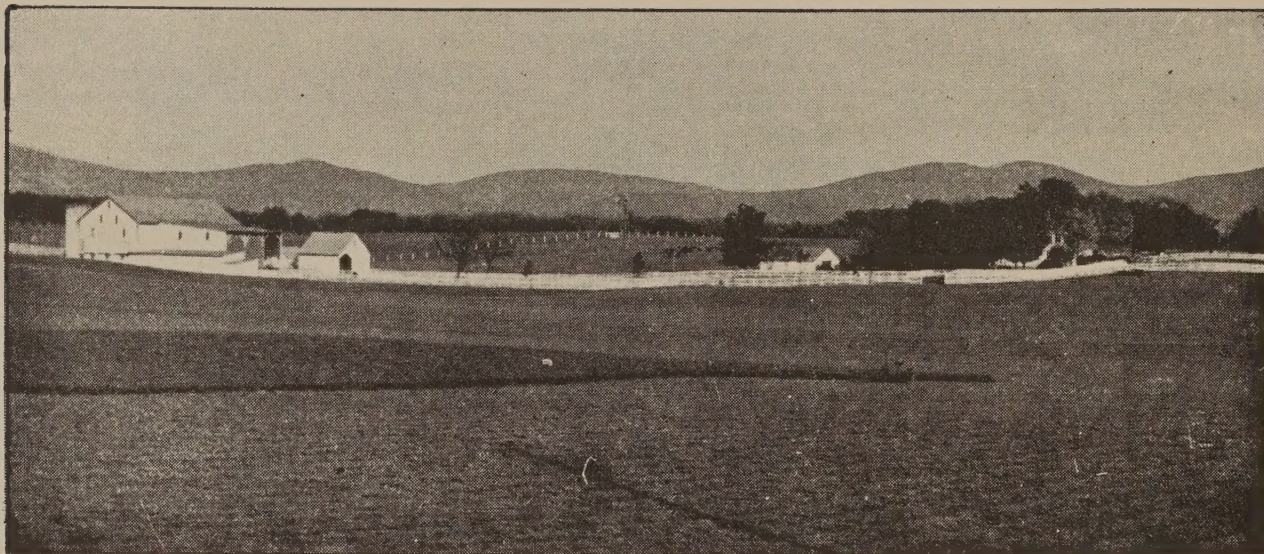

Model S \$16.95
Model J 9.95

DORMATONE

HORMONE SPROUT INHIBITOR

For treating potatoes and other root crops in storage. Prevents sprouting—softening—shriveling. Easy to use. Simply dust the potatoes. Also prevents spoilage of Beets, Carrots, Turnips and Rutabagas.

12 oz. shaker canister \$1.00

ALFALFA SEED

Our Alfalfa seed is all Northern grown. It was grown in Western South Dakota, Wyoming and Montana. This is the hardiest seed available. Free samples upon request.

SPECIAL

Dak. 12 Seed (96% Pure)

DAKOTA NO. 12

This is alfalfa from long established stands which has proven to be superior, and which has survived the extremes in climate during the past 20 years or more.

Dak. 12 (99% Pure) 100 lbs. \$68.00

GRIMM

This variety is one of the earliest and best known of the pedigreed varieties. It has proven its ability to withstand drouth and winter-killing.

Dakota Grown (98% Pure) 100 lbs. \$67.00
Dakota Grown (99% Pure) \$69.00
Certified Blue Tag \$75.00

COSSACK

This is a very vigorous growing variety, that is second to Ladak in hay production. Cossack produces a fine stemmed hay.

Dakota Grown (98% Pure) 100 lbs. \$68.00
Dakota Grown (99% Pure) \$70.00
Certified Blue Tag \$77.00

RANGER

Ranger is a new variety developed by the U.S. Dept. of Agriculture by combining several superior strains. It is wilt resistant, winter hardy and adapted to our Western climatic conditions.

Dakota Grown (99% Pure) 100 lbs. \$80.00
Certified Red Tag \$85.00

LADAK

The parent material of this variety was introduced in 1910 from Northern India where it had developed for many generations under conditions of low winter temperatures and low annual rainfall. Ladak ranks first in hay yield and first in cold and drought resistance, and is resistant to bacterial wilt.

Dakota Grown (99% Pure) 100 lbs. \$72.00
Certified Blue Tag \$77.00

NOTICE

The 1951 Agricultural Conservation Program for Pennington County calls for payments for the establishment of additional acreage of perennial grasses and/or biennial and perennial legumes. The payment rates are as follows:

- (a) Seeding Alfalfa or Alsike Clover \$.45 lb.
- (b) Seeding Brome Grass \$.20 lb.
- (c) Seeding Wheatgrasses \$.20 lb.
- (d) Biennial Clover \$.15 lb.
- (e) Seeding pasture mixtures of other adapted perennial legumes and grasses \$.25 lb.

See your county committee for full details.

All seeds are tested and tagged in compliance with State Seed laws.

NOTICE-Prices include bags and are subject to market changes.

50 to 100 lbs. add 2¢ per lb.
Less than 50 lbs. add 5¢ per lb.

PASTURE MIX

GRASSES

BROME GRASS

BROME GRASS-Canadian #1
A hardy, smooth, erect drought resisting Perennial grass. Forms an excellent sod for pasture. Resistant to extreme cold and heat.

100 lbs. \$25.75

BROME GRASS-Lincoln
A perennial with strong creeping root-stalks producing a dense sod. It is an excellent pasture and hay grass that begins growth early in the spring and grows throughout the summer.

100 lbs. \$29.50

STANDARD CRESTED WHEATGRASS

A hardy, drought resistant perennial bunch grass. It is very early in spring growth but during hot dry spells it becomes dormant and resumes growth with cooler weather and more favorable moisture conditions.

100 lbs. \$ 27.50

FAIRWAY CRESTED WHEATGRASS

Very similar to Standard Crested but Fairway is shorter, leafier, and finer-stemmed. Used extensively in Farm lawns, Parks, and Fairways.

100 lbs. \$ 35.00

WESTERN WHEATGRASS

A perennial that is very drought resistant, but slow growing, produces good hay, and is one of the best for this part of the country.

100 lbs. \$ 45.00

SLENDER WHEATGRASS

Another good perennial grass with drought-resisting habits. Similar to Western Wheatgrass.

100 lbs. \$ 42.00

RYE GRASS (Domestic)

A very quick growing grass that produces a large amount of nutritious foliage, but not as hardy as the Wheatgrasses.

100 lbs. \$ 16.00

TIMOTHY

One of the most universally known grasses especially adapted to cool, moist soils.

100 lbs. \$ 19.50

TIMOTHY & ALSIKE

80-20 mixture

100 lbs. \$ 26.50

Pasture Mix is a careful blend of high quality grasses and legumes. Increase the value of your land by planting a good pasture mix. Beef prices are high and good pasture will increase your cattle gains.

Contains the following:

30% Brome Grass	10% Sweet Clover
30% Wheatgrass	5% Alfalfa
20% Rye Grass	5% Other Clovers

100 lbs. \$ 29.50

CLOVER

WHITE BLOSSOM SWEET CLOVER

This is the standard Sweet Clover of the country. It is a biennial, grows from 4 to 6 feet tall, vigorous grower, extremely hardy and produces abundant hay and pasture.

99% Pure 100 lbs. \$ 22.75

YELLOW BLOSSOM SWEET CLOVER

A biennial that is not as tall as the White but is about two weeks earlier. It is very drought resistant and desirable for hay, pasture and forage. Not to be confused with the annual Yellow Blossom which is of very little value.

99% Pure 100 lbs. \$ 19.75
98% Pure 100 lbs. \$ 17.75

ALSIKE CLOVER

This is a valuable forage crop sown alone or with timothy. Excellent at high altitudes.

99% Pure 100 lbs. \$ 55.00

SUDAN GRASSES

SWEET SUDAN GRASS

A newer variety that has a high sugar content. It is leafier, higher yielding, more disease resistant, and more vigorous in growth than common sudan.

100 lbs. \$15.25

SUDAN GRASS (Colo. grown)

An excellent forage crop grown for both hay and pasture. Will produce several cuttings.

100 lbs. @ \$15.75

50 lbs. to 100 lbs. add 2¢ per lb.
Less than 50 lbs. add 5¢ per lb.

FIELD CROP SEEDS

All seeds are tested and tagged in compliance with State seed laws.
NOTICE—PRICES INCLUDE BAGS AND ARE SUBJECT TO MARKET CHANGES

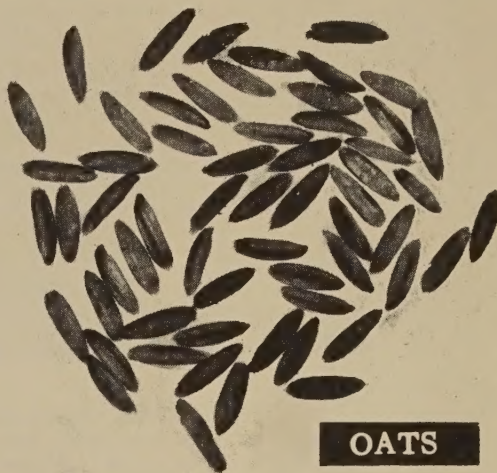

WHEAT

NEW RUSHMORE WHEAT

A bearded variety developed at the S. Dak. Experiment Station from the cross between Rival and Thatcher. It is rust resistant and less likely to shatter than Rival or Mida.

\$3.35 per bu.

20 bu. or more @ \$3.25

OATS

Seed of the new hulless oat.

PILOT WHEAT

Bearded, rust resistant, non-shattering variety. It is an excellent yielder.

\$2.85 per bu.

20 bu. or more @ \$2.75

THATCHER WHEAT

Beardless variety that is both stem and leaf rust resistant.

\$2.85 per bu.

20 bu. or more @ \$2.75

DURAM WHEAT

Planted in larger quantities each year. Producers claim that it is the surest crop of wheat that can be raised.

\$2.85 per bu.

20 bu. or more @ \$2.75

MIDA WHEAT

Bearded, spring variety that is high-yielding with high test weight. Resistant to bunt, stem rust and most leaf rusts.

\$2.85 per bu.

20 bu. or more @ \$2.75

BARLEY

SPARTAN BARLEY

A two-rowed, smooth-awned, stiff strawed feed barley. It is very early with a high test weight and high protein content.

\$2.10 per bu.

20 bu. or more @ \$2.00

WISCONSIN No. 38

A smooth-awned, six-rowed, high-yielding malting type barley.

\$2.20 per bu.

20 bu. or more @ \$2.10

L or KINDRED BARLEY

A rough-awned, six-rowed, barley of high malting qualities.

\$2.20 per bu.

20 bu. or more @ \$2.10

FEEBAR BARLEY

A new early maturing, strong straw, drought resistant, high-protein, feed type barley. A six-row barley.

\$2.20 per bu.

20 bu. or more @ \$2.10

SPELTZ

A dry land grain that withstands more drought, unfavorable soil, and weather conditions than most grains. It is a short-season, early-maturing crop.

\$2.00 per bu.

20 bu. or more @ \$1.90

JAMES HULLESS

A new hulless oats. It is a new stiff-strawed, mid-early variety. It is resistant to smut and stem rust. Sow 50 lbs. per acre.

\$5.00 per bu.

15 bu. or more @ \$4.80

CHEROKEE OATS

A new variety that is somewhat earlier than Clinton oats. Its kernels have a reddish cast, otherwise resemble Clinton.

\$1.75 per bu.

15 bu. or more @ \$1.65

BOONE OATS

Medium early, yellow variety with a good strength of straw and resistant to most rusts and smuts. Well adapted to Central and Western S. Dak.

\$1.55 per bu.

15 bu. or more @ \$1.45

BENTON OATS

A sister selection of Clinton, and very similar to it in plant type disease resistance. Somewhat taller and has stiff straw.

\$1.65 per bu.

15 bu. or more @ \$1.55

CLINTON OATS

Resistant to stem and leaf rust. Resistant to blight and root-rot disease. Has a stiff straw, therefore, is a good oats for combining. A higher yielder, kernels are plump and more valuable for feeding.

\$1.55 per bu.

15 bu. or more @ \$1.45

GOPHER OATS

An early white variety that is always a good yielder.

\$1.55 per bu.

15 bu. or more @ \$1.45

FLAX

SHEYENNE FLAX

Early maturing, wilt and rust resistant. It produces high quality oil and is adapted for areas where early maturing is essential.

Per bu. \$6.25

REDWING FLAX

A medium early, medium tall flax. It is resistant to wilt.

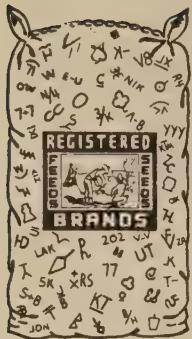

Per bu. \$5.50

RYE

FALL RYE

Per bu. \$2.05

20 bu. or more @ \$1.95

SEED CORN

NOTICE--Prices include bags and are subject to market changes.

REGISTERED BRANDS SEED CORN

REGISTERED BRANDS EARLY HYBRID, Wisc. 335

This Hybrid is earlier and yields better than flint corns. It is a reddish colored corn similar to the old North-western Dent. Matures in 85 to 90 days.

\$9.75 per bu. 5 bu. @ \$9.25 per bu.

REGISTERED BRANDS HYBRID, Wisc. 355

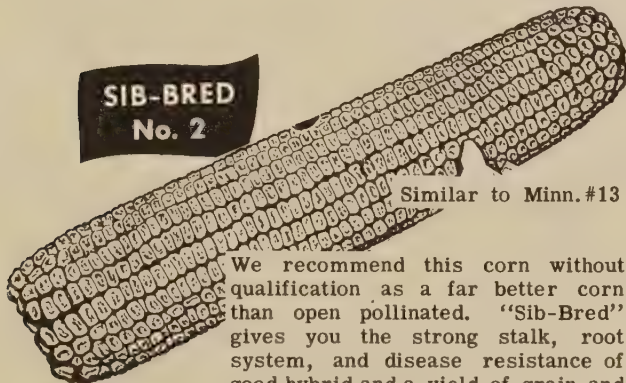

This is the old reliable 85 to 90 days Hybrid that has been grown so successfully in this part of the country the past few years. It has proven to be adapted to a wide variety of soils. The medium length ears are well filled with deep yellow kernels.

\$9.75 per bu. 5 bu. @ \$9.25 per bu.

OPEN POLLINATED CORN

	per bu.	5 bu. or more
Black Hills SPECIAL Yellow Dent	\$5.50	\$5.25
Black Hills Yellow Dent	5.00	4.75
Paynes White Dent	5.00	4.75
Falconer Dent	5.50	5.25
Rainbow Flint	5.00	4.75
Blue Squaw	5.00	4.75
Squaw Corn	5.00	4.75
Gehu Flint	6.00	5.75

SIB-BRED No. 2

We recommend this corn without qualification as a far better corn than open pollinated. "Sib-Bred" gives you the strong stalk, root system, and disease resistance of good hybrid and a yield of grain and forage much better than that of open pollinated varieties.

\$7.00 per bu. 5 bu. or more \$6.75

FORAGE SORGHUMS

CERTIFIED BLUE TAG RANCHER CANE

It is juicy, sweet and a high yielder of both forage and grain. Low in acid content.

	100 lbs. \$11.25
CANE, Waconia	7.50
CANE, Honey Drip	7.75
CANE, Sumac	8.25
CANE, Black Amber Low Acid	7.75
CANE, Kansas Orange	7.75

NORKAN or ATLAS SORGO	6.00
RAPE, Dwarf Essex	20.00
SUNFLOWER, Giant	per lb. .30

KINGSCROST HYBRIDS

KINGSCROST KF-1

A semi-dent hybrid crossed between flint and dent. This 80 day corn combines the best features of both.

\$12.15 per bu. 5 bu. @ \$11.75 per bu.

KINGSCROST KE-3

This is the earliest Kingscrost pure yellow dent Hybrid in the 80 day class.

\$12.15 per bu. 5 bu. @ \$11.75 per bu.

KINGSCROST KE-2

This 85 day Hybrid is a quick starter in the Spring and rapid ripener in the Fall. It has an exceptionally tall plant growth and high ear placement for a corn of such early maturity.

\$12.15 per bu. 5 bu. @ \$11.75 per bu.

KINGSCROST KE-1

This 90 day Hybrid features large dark green plants with ears that ripen ahead of the rest of the plant. This pure dent variety is a great favorite with those who use mechanical pickers because of its high ear placement.

\$12.15 per bu. 5 bu. @ \$11.75 per bu.

KINGSCROST WHEATLAND BLEND

A blend of extra early maturing hybrids. This is an outstanding blend of round kernels for this section of the country.

\$7.00 per bu. 5 bu. or more \$6.75

MILLETS

EARLY FORTUNE (Red Proso)

A very early grain millet that matures in 60 to 70 days.

100 lbs. @ \$6.00

WHITE PROSO

A hardy and disease resistant strain.

100 lbs. @ \$6.00

SIBERIAN

A hardy, drought resistant variety that matures in 65 to 70 days. The forage is quite palatable, and the seed has a high feeding value.

100 lbs. @ \$7.00

GERMAN MILLET

Has long heads, stems are small, luscious, and highly palatable. This is a variety very valuable for hay and forage.

100 lbs. @ \$6.50

GRAIN SORGHUMS

NORGHUM

An extra early, high yielding, drought resistant, new variety of grain sorghum released from the S. Dak. Experiment Station in 1949. It is a combine type which grows from 36 to 46 inches tall.

100 lbs. @ \$9.50

MARTINS COMBINE MILO

About the same maturity as Early Kalo but is more lodge resistant.

100 lbs. \$6.50

55 gallon drum	489.50

Colorado .44 2,4-D Weed Killer Liquid Amine Concentrate

Economical and safe. Contains 4 full pounds of 2,4-D acid per gallon in the form of amine salt. Mixes readily in hard or soft water. Will not clog spray nozzles. Easy to use in high or low volume application with airplane, ground or hand equipment. Available in gallons 5 gal. pails, 30 gal. drums, and 55 gal. drums.

5 gallon pail	\$ 28.00
30 gallon drum	159.00
55 gallon drum	286.00

WEEDAR 64

Weedar 64 is an amine salt formulation containing 4 pounds of 2, 4-D acid equivalent per gallon. It is completely soluble in water and will not clog nozzles. Particularly useful for treating weeds in crops near susceptible plants and for treating small annual weeds that are growing actively. Easier on crops than ester formulations. Will not injure adjoining crops except in case of drift.

1 gallon	\$ 5.50
5 gallon	26 50
30 gallon	150.00

WEEDONE CONCENTRATE 48

Weedone 48 is an ethyl ester formulation containing 3 pounds of 2,4-D acid equivalent per gallon. It has proved more effective than salt formulations in treating perennial weeds and annuals in late stages of growth, during dry weather, and under other adverse conditions. It sticks rain or shine. Can be mixed with any amount of water for high or low volume application. Requires lower amounts of acid per acre for equal results.

1 gallon	\$ 5.30
5 gallon	25.25
30 gallon	143.40

WEEDONE Brush Killer 32

Contains the powerful 2,4,5-T and 2,4-D

Spray Now

Here is the solution to killing those hard to kill woody plants such as brambles, poison ivy, poison oak, willows, buckbrush, and many others. It is a butoxy ethanol ester formulation which means there is no vapor injury to nearby susceptible plants. Mix one gallon to 100 gallons of water.

PAMPCO SPRAYER

THE MIGHTY MIDGET OF THE SPRAYING WORLD

The Pampco Sprayer is a trombone sprayer of simple design and sturdy construction. It's double throw action gives a continuous spray. It is built of machine turned brass for heavy duty and long use. Its Neoprene hose and cast iron anchor base are unaffected by chemicals. The extension for spraying shrubs and foliage is included.

Price \$ 7.65

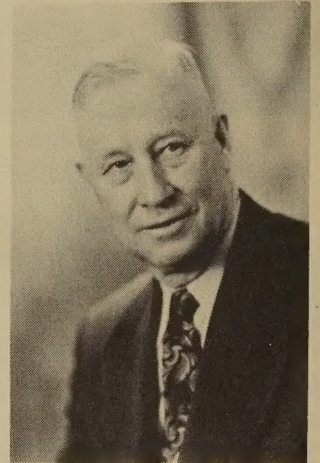

Let's Get Acquainted !

WITH
McMAHON COMPANY

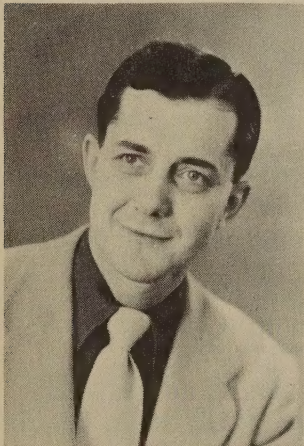

Our firm was organized in 1896, - 55 years ago. The business has grown with the country because it has met the needs of farmers and ranchers with Seeds, Feeds and Agricultural Chemicals of the highest obtainable quality at a fair price. Consider alfalfa seed for example. Do you realize that fully 80 percent of the fields of alfalfa in this section were planted with McMahon Company Seed or yields from our seed? We're proud of that record. We hold similar records with Feeds and Agricultural Chemicals. We are going to continue the policy of bringing you the finest first. We'd like to have you meet the people who carry on that policy.

J. R. "RALPH" McMAHON
Head of our Organization

Mr. McMahon laid down the policy of the best first, at a fair price and maintains that practice. He is responsible for the high quality you receive in famous Registered Brands Seeds and Feeds. He made the policy of establishing a market and paying you a fair price for your produce. He declared, when selling we must be competitive at all times and never knowingly be undersold, quality considered.

J. R. McMAHON

HAROLD BRUNS
Office and General Manager

Harold is a native of this section and has been with the organization fifteen years. His present job of coordinating the function of all three departments has given him a wide knowledge in Feeds, Seeds, and Chemicals. These facts mean he has the ability and experience to help you with problems in any of the three departments.

VERN HOEYE
Manager of Feed Department

Vern keeps abreast of the ever changing field of animal nutrition. When there is a new discovery in this field, Vern determines how practical it is for our area. If you have a feeding problem with any type of livestock or poultry, feel free to come in and talk it over with Vern. His wide knowledge and experience is at your disposal.

VERN HOEYE

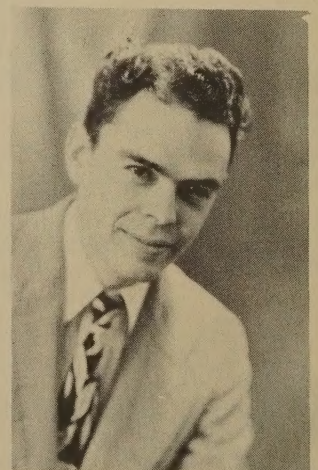

MURDOCH ("DOC") JOHNSON
Manager of Seed Department

Murdoch follows the development of new varieties in South Dakota and other States. He learns their adaptability to this area. He follows the production records of older varieties and consistently knows which varieties are doing best for you. As Seed analyst he guards the quality of the famous Registered Brands seeds you buy.

RAY MILL
Manager of Agricultural Chemicals

Ray's department covers 2,4-D weed killers, insecticides, sprayers and sanitation products. This is the newest department and fastest changing because of new developments. It's Ray's job to keep track of these developments and know how they can help you. If you have weed, insect or a sanitation problem, Ray will be glad to talk it over and help find the solution.

RAY MILL
